Dear Families,

The students pictured here are all Emory first-year students and a part of my PACE section 26 class. What is PACE? A required non-graded course, PACE provides information and resources to our students that help them learn about the university. Everything from the Honor Code, to how to select a major, to how to get involved, is covered. In addition, PACE is led by faculty and student co-facilitators who get to know our students and help them navigate a complex university. In our fast-paced world, it is great to help students learn how to think and plan for themselves. Aside from academic preparation, lifelong learning and growth are essential tools needed for college graduates.
Thank you for sending your student to Emory! If you have any questions, suggestions, or inquiries, responses are only an email away at family@emory.edu.

Hail the Gold & Blue!
